

ONE YEAR OF CompTIA ISAO

Information Sharing and Analysis Organization

A LOOK BACK...

The Growth of ISAO

Launch:
March 2020

Cybersecurity concerns at an all-time high due to the pandemic.

Formed 3 councils to help guide the CompTIA ISAO, including the Executive Advisory Council, MSP Champions Working Group, and SME Champions Working Group.

Secured Platform Partnerships with the IT-ISAC and TruSTAR.

Launched the CompTIA ISAO Cyber Forum where members share best practices, threat intelligence, and mitigation strategies.

Launched the TruStar Threat Intelligence Platform so members can threat hunt.

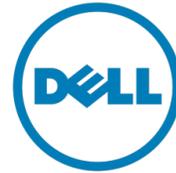

Produced an MSP-specific ransomware report with a focus on what MSPs need to be doing for themselves and their customers to prevent an attack.

Shared breaking news and actionable mitigation steps about the VMware and Exchange vulnerabilities that were being actively exploited.
