Sanctions: The New Household Term

Russia's invasion of Ukraine has led to a flurry of sanctions designations across the globe, making sanctions a household term. Now, more than ever, sanctions compliance is at the forefront of companies' overall compliance programs. This panel will focus on what companies should consider to ensure sanctions compliance in this ever-changing environment.

- How to account for issues with sanctioned banks
- Future coordinated sanctions between 5 Eyes, EU, NATO, Japan, etc.
- Increased coordination between sanctions, export controls and import restrictions
- Expectations around secondary sanctions
- The future of sanctions and enforcement
- Funding for development of technologies for sanctioned countries

Moderator: Dan Fisher-Owens, Partner, Berliner, Corcoran & Rowe LLP

Panelists:

Keith Huffman, Chief Legal Counsel, Export Controls, SAP

John McKenzie, Partner, Baker & McKenzie LLP
Tracey Vega, Director, International Trade & Compliance, Juniper Networks

Comply with AI? Next Generation Tools for Compliance

Emerging technologies like AI and blockchain have become ubiquitous in our lives, but can they be applied to drive efficiency and better compliance? This panel will touch on various tools and technologies and how they can be leveraged to streamline and automate while enhancing (not sacrificing) compliance.

- Automated Classification
- Blockchain
- Big Data
- Smarter Denied Party Screening

Moderator: Will Thrasher, Director, Krypt Business

Panelists:

Sarah O'Neal, Partner, Associate General Counsel, Global Trade, Microsoft

Clifton Roberts, Global Director, International Trade Group, Intel

Doug Whitman, Global Trade Compliance & GTS Global Process Lead, 3M

GTC=EAR Part 7XY²: Solving for Complex Export Regulations

With so many lists, formulas, calculations, cross-references, and exceptions to be considered these days, trade compliance can feel more like a dark art. Even the most seasoned professionals (export mystics) can get hung up in the tangled web of regulatory threads. Fear not! Our panel of experts is here to help break down the confusing regulations that get us all tied up and offer some meaningful best practices that we can implement to make sure our companies stay compliant. Join us to hear the latest best practices in:

- Screening for Military (Intelligence) End Use
- Applying the Foreign Direct Product Rules
- Calculating de minimis
- Evaluating HTS-based export controls

Moderator: Steve Brotherton, Principal, Global Export Controls & Sanctions Lead, KPMG

Panelists:

Regan Alberda, Corporate Counsel, Trade Compliance, Autodesk

James Chik, Global Trade Compliance Manager, AMD

Christine McKenzie, Assistant General Counsel, Global Trade Services, TE Connectivity

2:00 – 2:10

Break

2:10 – 3:00 pm ET

Dealing with the Elephant in the Room -- The growing impact of Social Responsibility, Imports and Forced Labor in the Global Workplace

From cotton and apparel to palm oil and silica, U.S. law prohibits the importation of goods made from forced labor. This program will share our panelists thoughts on:

- How can importers protect themselves from the next Withhold Release Order or detention?
- What is the Uyghur Forced Labor Prevention Act (UFLPA) and how will it affect importers?
- What does a forced labor compliance program look like?
- What is the right level of supply chain due diligence and who should do it?
- How do you conduct effective due diligence in China?
- Do contractual protections and certifications really work?

Moderator: George Tuttle, Trade Attorney, Tuttle Law Offices

Panelists:

Cindy Deleon, Founder & Senior Trade Auditor, Deleon Trade LLC

Bob Mitchell, Vice President, Human Rights and Environment, Responsible Business Alliance

Michael Nelson, Head of Legal – Americas, Trina Solar
