Mike Stewart of Anchor Networks and Chad Holstead of BKS Group have put together a strategy for executing their vendor Third Party Vendor Management plan. Having all your vendors accounted for in your inventory is one thing, but have you classified your service providers? Do your vendor contracts include security requirements? Do you monitor your vendors? When leaving one of your vendors, do you ensure they have been securely decommissioned? You will walk away with a template for your vendor management process and some ways to overcome the challenges in managing them.</p> <p>Presenters: Chad Holstead CEO and Founder of BKS Group CJ Johnson Cybersecurity Compliance Programs</p>
