

David Beering

Principal/Owner, Intelligent Designs LLC
Chair, CompTIA Space Enterprise Council

David Beering is the owner of Intelligent Designs LLC, a small business based in West Lafayette, IN at the Purdue University Research Park. The company's primary focus is engineering, systems integration, project management and research & development in satellite-enabled, high-performance communications systems. Beering also serves as the Vice President of Hypersonics for the Indiana Innovation Institute (IN3).

During his career, Beering has held lead roles in more than 85 projects working with organizations including the US Naval Research Laboratory, US Army, Missile Defense Agency, Airbus Defense & Space, Lockheed Martin, The Boeing Company, Ball Aerospace, Sandia National Laboratories, Northrop Grumman, and BP.

Outside of work, Beering is an avid trumpet player. He is a member of the Institute of Electrical & Electronics Engineers, a member of the Association for Computing Machinery, and a senior member of the American Institute of Aeronautics and Astronautics. Beering also serves as the Chairman of CompTIA's Space Enterprise Council. He holds BS and MS degrees in Electrical & Computer Engineering from Purdue University.
